References

ALL REFERENCES ARE CONFIDENTIAL and should be sent to us directly by the referees. Please provide information on the individuals who will be providing your references below. Enter their name, position (e.g. Professor of Microbiology), institute details and their email address.

*It is **your responsibility** to ensure that your referees send us their reference before the deadline (**1 February 2019**). For their reference, they should make use of the reference form that can be downloaded from the MEME website (see Admission/Application at www.evobio.eu). Please forward this form to your referees and ask them to send the filled form to meme@rug.nl.*

Anybody who can supply us with detailed information on your capabilities, motivation and background is suited as a potential referee, provided that this person only has a professional relation with you (i.e. lectures, supervisors, mentors, employers, but not relatives or spouse).

If you have already letters of reference (max. 1 year old), you can include a scan of these in your application package. Such letter may strengthen your case, but they do not replace the "official" MEME references.

Please notice:

- Your referees have to send the completed MEME reference form **directly** to meme@rug.nl before the deadline of 1/2/2019.
- Reference forms sent to us by the applicant will **not** be accepted.
